\*When calculating boat weight, be sure to include boat, motor, fuel, gear and supplies. If in doubt, select the next larger size.

\*\*Pulley block for double line applications is included in the 40ft cable option.

Safety tips: Do not use your trailer winch as a tie-down; use separate tie-downs to secure your boat on the trailer. | Not to be used as hoists.

## UNIVERSAL REPLACEMENT CABLES

High chromium content and added nickel make these cables virtually impervious to corrosion and adds years of service. Ideal for any winch using 7/32" diameter cable, designed for handling boats up to 11,500 lbs. Superior 7 x 19 strand cable construction for maximum pulling strength.

## PREMIER SERIES 2000 TRAILER WINCH

MAX PULL WEIGHT: 2,000 LB

FULLY ASSEMBLED AND READY TO INSTALL

### OVERSIZED, TEXTURED HANDLE

Comfortable, no-slip grip

### 8" POWDER-COATED, DIE-CAST, ALUMINUM CRANK ARM

Superior leverage

### OVERSIZED, POWDER-COATED, STEEL FRAME

Maximum loading strength and durability

### HIGH-QUALITY, 20' STRAP

2" wide, four-panel webbing, polyester strap with forged snap hook

### ADJUSTABLE MOUNTING

Accommodates numerous trailer configurations

### POWDER-COATED, DIE-CAST, ALUMINUM COVERS

Durable design resists corrosion, long lasting

### INTEGRATED ZERK GREASE FITTING

Easy pawl and ratchet gear lubrication

### PREMIUM PRECISION GEARING

High-efficiency gearing improves pulling capacity with less cranking torque

### 4.75:1 GEAR RATIO

Easiest operation on the market

### DUAL-BOLT CLAMP COUPLING

Ensures crank arm will not loosen or decouple from pinion spindle

## DURABLE POWDER-COATED ALUMINUM HOUSING

No plastic parts to crack – Finish is chip-resistant

## PATENTED FREE-FALL SYSTEM ANCHORS UP TO 300'/MIN

Up to four times faster than powering down

## EXCLUSIVE STAINLESS STEEL ROPE AND CHAIN GUIDANCE SYSTEM

Durable materials stand up to years of use

## ULTRA SMOOTH MOTOR USES LESS AMPS

Free-fall does not need battery power so it preserves your battery

## BUILT WITH DURABLE STAINLESS STEEL FASTENERS

Resists corrosion for easy removal

## HELM OPERATED ONE-TOUCH CONTROL

Easy to reach and easy to use

## REPLACEABLE RODE-GUIDE

Smoothly channels rope and chain below deck

## WATERTIGHT SEALS

For additional protection against corrosion

## ONE PIECE MOTOR PLATE

For smooth power transmission & improved gear life

## HEAT TREATED OIL-IMPREGNATED GEAR SYSTEMS

Smooth operation, resists corrosion, long lasting

## ABOVE DECK DESIGN

More storage space for rope and chain

## STAINLESS STEEL DRIVE SHAFT

For years of smooth, reliable performance

## USES A TAPERED BACK SPLICE

For smooth rope-to-chain transition

## SLEEK STYLING WITH SMALL FOOTPRINT

Uses up to 40% less deck space than the competition

## BENEFITS OF FREE FALL VS. POWER DOWN

### EASIEST WAY TO ANCHOR

Free-Fall stops when anchor reaches bottom **VS.** Rope collects on deck while you power down

### PRECISE ANCHORING LOCATION

Anchor your boat where you want it to be **VS.** Your boat will drift while you power down

### EASIEST WAY TO USE

Hold helm switch for 5 seconds to release **VS.** Hold the helm switch for 1-3 minutes

### FASTEST WAY TO ANCHOR-

Free-Fall drops the anchor up to 4 times faster

### ANCHORING SAFETY-

Free-Fall allows you to anchor quickly in any condition

## Free-Fall Anchor Windlasses

Automatic helm-operated, free-fall windlasses. The safest way to anchor!

## BENEFITS OF EACH CAPSTAN

**OUR LARGEST CAPSTAN**

Our largest capstan, the Capstan 1000, is a power assisted rope capstan for larger applications. A great tool for quick retrieval of lobster, prawn and crab pots. The Capstan 1000 also provides power assist for limited crew sailboats and power assisted anchor retrieval. Uses up to ¾" diameter rope.

### OUR MOST VERSATILE CAPSTAN

The Capstan 300 is a smaller power assisted rope capstan for a variety of uses for boats up to 26'. It has a maximum pull of 300 lbs with a retrieval speed of 85 feet per minute. Whether anchoring, sailing, or fishing, let the Capstan 300 spare your back, speed up your retrieval process, and make your boating more pleasurable.

**OUR FASTEST CAPSTAN**

The Quick Catch Pot Puller is a smaller power assisted rope capstan perfect for fast, safe, and easy retrieval of lobster or crab pots. With a retrieval speed of 150'/min, it is our fastest capstan. Electrical power assist retrieves pots in less than two minutes. Get back to what you enjoy!

Additional parts may be available, contact your distributor or visit [Powerwinch.com](http://Powerwinch.com).
