*When calculating boat weight, be sure to include boat, motor, fuel, gear and supplies. If in doubt, select the next larger size.

**Pulley block for double line applications is included in the 40ft cable option.

Safety tips: Do not use your trailer winch as a tie-down; use separate tie-downs to secure your boat on the trailer. | Not to be used as hoists.

UNIVERSAL REPLACEMENT CABLES

High chromium content and added nickel make these cables virtually impervious to corrosion and adds years of service. Ideal for any winch using 7/32" diameter cable, designed for handling boats up to 11,500 lbs. Superior 7 x 19 strand cable construction for maximum pulling strength.

POWERWINCH

POWERANCHOR WINDLASS

MARINE SERIES

DURABLE POWDER-COATED ALUMINUM HOUSING

No plastic parts to crack – Finish is chip-resistant

PATENTED FREE-FALL SYSTEM ANCHORS UP TO 300'/MIN

Up to four times faster than powering down

EXCLUSIVE STAINLESS STEEL ROPE AND CHAIN GUIDANCE SYSTEM

Durable materials stand up to years of use

ULTRA SMOOTH MOTOR USES LESS AMPS

Free-fall does not need
battery power so it
preserves your battery

BUILT WITH DURABLE STAINLESS STEEL FASTENERS

Resists corrosion for easy removal

HELM OPERATED ONE-TOUCH CONTROL

Easy to reach and easy to use

REPLACEABLE RODE-GUIDE

Smoothly channels rope and
chain below deck

WATERTIGHT SEALS

For additional protection against
corrosion

ONE PIECE MOTOR PLATE

For smooth power transmission
& improved gear life

HEAT TREATED OIL-IMPREGNATED GEAR SYSTEMS

Smooth operation, resists
corrosion, long lasting

ABOVE DECK DESIGN

More storage space
for rope and chain

STAINLESS STEEL DRIVE SHAFT

For years of smooth,
reliable performance

USES A TAPERED BACK SPLICE

For smooth rope-to-chain transition

SLEEK STYLING WITH SMALL FOOTPRINT

Uses up to 40% less deck space than the competition

BENEFITS OF FREE FALL VS. POWER DOWN

EASIEST WAY TO ANCHOR

FASTEST WAY TO ANCHOR-

Free-Fall drops
the anchor
up to 4 times
faster

Free-Fall stops when
anchor reaches bottom

VS.

Rope collects on deck
while you power down

PRECISE ANCHORING LOCATION

Anchor your boat where
you want it to be

VS.

Your boat will drift while
you power down

EASIEST WAY TO USE

Hold helm switch for
5 seconds to release

VS.

Hold the helm switch
for 1-3 minutes

ANCHORING SAFETY-

Free-Fall allows
you to anchor
quickly in any
condition

Go to Powerwinch.com for all manuals, replacement parts, and accessories.

BENEFITS OF EACH CAPSTAN

OUR LARGEST CAPSTAN

Our largest capstan, the Capstan 1000, is a power assisted rope capstan for larger applications. A great tool for quick retrieval of lobster, prawn and crab pots. The Capstan 1000 also provides power assist for limited crew sailboats and power assisted anchor retrieval. Uses up to 3/4" diameter rope.

OUR MOST VERSATILE CAPSTAN

The Capstan 300 is a smaller power assisted rope capstan for a variety of uses for boats up to 26'. It has a maximum pull of 300 lbs with a retrieval speed of 85 feet per minute. Whether anchoring, sailing, or fishing, let the Capstan 300 spare your back, speed up your retrieval process, and make your boating more pleasurable.

OUR FASTEST CAPSTAN

The Quick Catch Pot Puller is a smaller power assisted rope capstan perfect for fast, safe, and easy retrieval of lobster or crab pots. With a retrieval speed of 150'/min, it is our fastest capstan. Electrical power assist retrieves pots in less than two minutes. Get back to what you enjoy!

Additional parts may be available, contact your distributor or visit Powerwinch.com.
